Weather

During the tournament, in the event of a strong wind warning being issued by 6.10am on either day of the tournament, that day's fishing will be cancelled. If a strong wind warning is issued during the course of a fishing day the tournament committee reserve the right to cancel/amend that days fishing program. Notification will be broadcasted at 6.15am on **VHF Ch 82.**

Tournament results will be awarded if, at a minimum, 6 hours of fishing is achieved. If due to bad weather the tournament is cancelled on all days, it will be re-scheduled.

If you are unsure if a day's fishing has been cancelled please contact Game Base on **VHF Ch 82** or call **0415 910 060**.

In the week preceding the tournament dates the committee will monitor the forecast and will utilise the GCGFC's Tournament Weather Assessment Guidelines to finalise the tournaments progression.

Fishing Rules

Line Class: 8kg and 15kg only

GFAA Rules will apply.

Anglers and Skippers must be current financial fishing members of a Club affiliated with QGFA, GFAA. There is to be a minimum of two (2) senior anglers and maximum of six (6) anglers per boat.

Live bait may be collected prior to start fishing and use of teasers is allowed prior to start fishing.

Non off set Circle hooks must be used for live baiting and dead baits.

ALL boats are required to provide photographic/video evidence of **ALL** Tagged & Released fish to Game Base. The photograph/video must clearly show the **Fish, the tag and the Coloured Ribbon**. New ribbons will be provided for each day of the tournament. It is the **skipper's responsibility** to ensure the correct ribbons are used each day. Photographic/video evidence must clearly constitute the tag & release of the fish. Blurred photos and ambiguous shots will not be counted and may result in the disqualification of the billfish.

ALL rods/tackle gear used for the tag/release or capture of all fish must be presented to Game Base for measurement checks at the time sked sheets are presented. Any fish tagged/released or captured with non-regulation GFAA requirements will be disqualified from the Tournament.

Please note: Gear presented as that used per fish is deemed the correct one and cannot be changed/substituted.

The Tournament Committee reserves the right to refuse any team or individual angler's team entry. The Tournament Committee also reserves the right to place an observer on any boat throughout the tournament at random.

- Tagged Billfish on 8kg (10,000) points
- Tagged Billfish on 15kg (7500) points
- Other Species tagged (10) points
- No points awarded for weighed fish
- All tied point scores are decided by count back i.e. the winner will be the angler/team who scored their total points first.

For Heaviest Other Species a 10% allowance will be given for gilled and gutted fish. NSW DPI "Billfish only" tags are to be used for Billfish no points will be awarded where wrong tags are used. **Other Species to be tagged following DPI recommendations.**

Fishing Area

All fishing for this tournament must be conducted within the area between;

- 26-50' to the north, and
- 28-22' to the south, and
- all oceanic waters in between.

Radio Skeds

All boats entered in the tournament must have a **working** VHF radio in order to compete in the tournament. The skeds will be on channel 82.

In a situation that a boat is unable to contact game base via VHF they must make a confirmed relay through another vessel or make confirmed contact via mobile phone on 0415 910 060.

Failure to contact base on two successive skeds shall result in disqualification of the day's results. Furthermore, Game Base will advise relevant authorities of the failure to make scheduled contact on multiple occasions.

It is **compulsory** to log on and log off with Game Base and confirm acknowledgement from Game Base. For safety reasons we strongly advise all vessels log on/off with the Seaway Tower on VHF 73. It is recommended that all competing vessels have checked the functionality of VHF radios in order to ensure continuous contact with the fleet and Game Base.

All boats must report at each radio sked as follows:

1. Boat Name
2. Fishing report (using "000" system i.e. Strikes, hook-ups, captures/tags and specify species and angler)
3. Position - using GCGFC Inc. SPONSORED grid chart, using SPONSORS name when referencing your location. Accurate location is important in the event of an incident occurring at sea.

Boats must keep the airway clear from 10 minutes prior to the end of fishing so late hook ups may be recorded by Game Base.

**** ALL HOOK UPS MUST BE REPORTED TO GAME BASE ****

All boats are to report tagged fish immediately with game base to be allocated the time of tagging, or relay with another vessel. The tag time for the fish will be the time Game Base confirms that the information was received.

Please note:

- If any vessel is unable to fish on any day, it is a requirement that Game Base is notified by radio on VHF 82 or via Mobile on 0415 910 060.
- All boats must report on **EVERY** sked.

Daily Results

To be accepted for point scoring:

- all tag cards, activity sheets (club Boats), sked sheets (visiting Boats) and photographic/video evidence must be presented to the recorder, without delay.
- All tackle associated with tagged/weighed fish must be presented for inspection/measurement.
- Fish to be weighed must be presented to the weigh master.

Failure to do **ALL** of the above by the **Game Base Closed Time** will result in NIL allocation of points.

Overtime

Saturday - Unlimited overtime will be granted for all fish hooked up after the last sked and reported to Game Base prior to cease fishing.

Sunday - Restricted overtime will be available for all fish hooked up after the last sked and reported to Game Base prior to cease fishing. However, all tags and equipment must be presented by the Game Base Closed time in order to be considered in the results of the tournament.
